# LIGHTING TO GO

Get instant discounts on qualified LED products! The Lighting to Go program offers instant discounts on qualified commercial LED products to help your business enjoy energy savings and high-quality lighting for years to come.

## How It Works

Seattle City Light will provide incentive funding to support instant discounts on qualified lighting products at participating distributors. To qualify, products must be installed within the Seattle City Light service territory.

## LIGHTING TO GO DISCOUNT LEVELS

Discounts are currently available on the following qualified product categories:

PRODUCT CATEGORY	DISCOUNT (\$/EA) *	NOTES
4 foot T8 TLEDs (all types A/B/C/Dual Mode)	\$2.00	To be eligible for incentives, products must be listed on a Seattle City Light recognized qualified product list available at <a href="#">ENERGY STAR</a> or <a href="#">DesignLights Consortium</a> websites.
LED A-Lamps / Omnidirectional	\$2.00	
LED screw-base decorative lamps	\$2.00	
LED MR-16 or PAR 16	\$3.00	
LED Directional lamps (PAR, BR, R, 20, 30, 38, 40)	\$4.00	
LED downlight retrofit kit	\$6.00	
CFL-LEDs (CFLEDs – 4-pin only)	\$3.00	

\* Total discount must be less than 80% of the product's regular retail cost. Please note that Lighting to Go discounts are available only through participating distributors. Products that receive a discount through the Lighting to Go program will not be available in the Seattle City Light commercial retrofit program.

## Benefits

The Lighting to Go program:

- Reduces upfront project costs
- Makes it easier and faster for customers and contractors to benefit from energy efficient lighting
- Gives customers and contractors more control when selecting efficient lighting solutions
- Increases adoption of LED products in the Puget Sound region to maximize environmental benefits
